DEPARTMENT OF MASTER OF COMPUTER APPLICATIONS

Project Work

Weekly Report for the Academic Year 2026-27

Subject Name: - Project Work

Subject Code: - MPRJ384

Name :	M Ashish Ramana
USN :	1BI25MC060
Project Title :	DataPilot AI : Autonomous Business Intelligence Platform

From : 15-09-2026	To: 21-09-2026
Data Ingestion and Dataset Validation 1. Implemented and tested the initial data ingestion workflow for commonly used structured datasets. 2. Added source-type detection so that uploaded files can be identified based on their format before processing. 3. Developed the initial data loading and preprocessing pipeline using suitable data handling libraries. 4. Started dataset validation checks for missing values, duplicate rows, invalid dates, incorrect data types, empty columns, and invalid numeric values. 5. Prepared the initial dataset health reporting logic to summarize data quality and identify issues requiring cleaning.	
..... (Internal Guide)	 (HOD, Dept. of MCA)

Vision : To transform young graduates into skilled computer professionals to meet industrial and societal needs.

Mission: To enhance the Teaching learning process to meet quality education in the field of computer applications.
To impart the knowledge in current technologies to meet the industrial needs.
To inculcate ethical values and leadership qualities for the betterment of society.
